

Family guide: Registering for an event

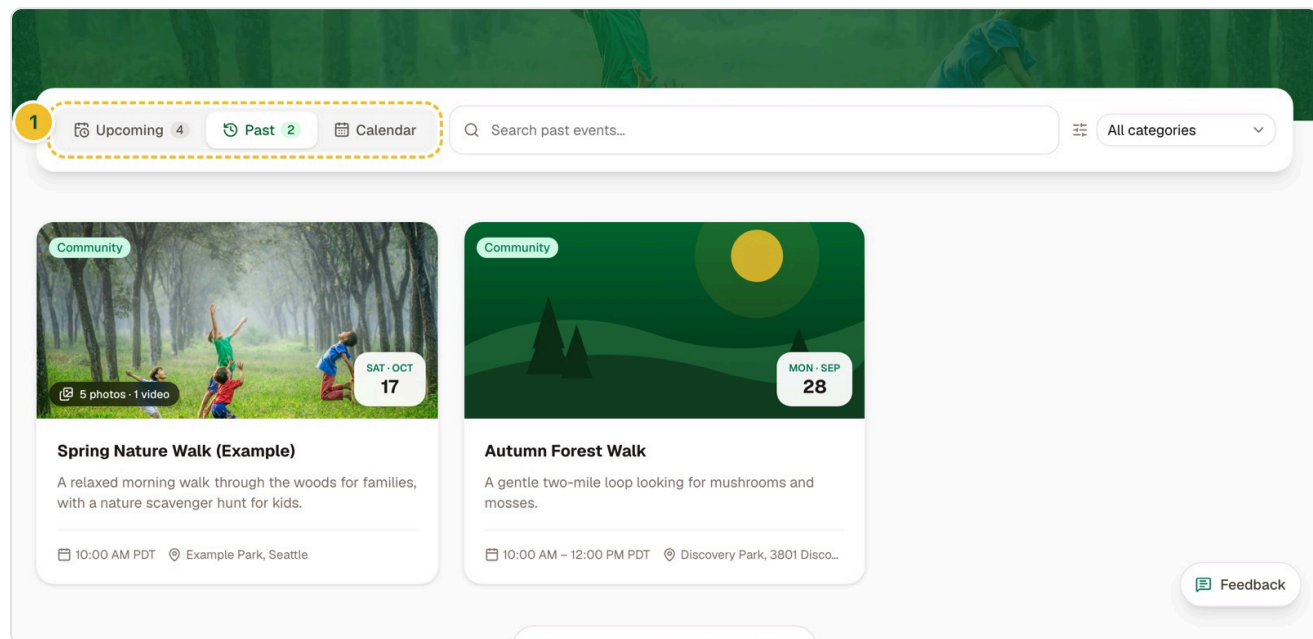

Seattle Little Rangers · October 2026

The website is <https://www.seattlelittlerangers.org>. To read it in Chinese or Spanish, see [Website tips](#).

Finding an event

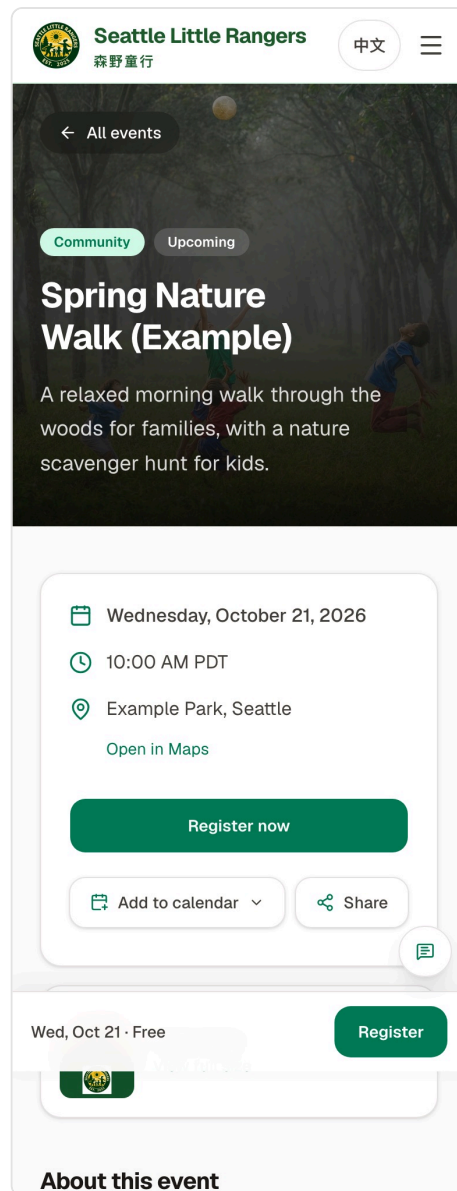

Press **Events** at the top of the website (on a phone, open the menu at the top right first). Events are under three tabs:

- **Upcoming**: events still to come;
- **Past**: events we have held, with photos and write-ups;
- **Calendar**: a month-by-month calendar.

The tabs on the events list

Each card shows the day and date, the place, and whether it is **Free** or has **Tickets**; a label in the corner says if it is for members, or members first. Press a card to open the event's page. The date, time and place are at the top, and **Open in Maps** gives you directions. **Add to calendar** puts it in your phone's or computer's calendar, and **Share** sends the link to someone - in WeChat, use WeChat's own ... menu, or press **Share** to copy the link and paste it into a chat.

Anything we should know? (optional)

☒ I agree to the liability waiver and understand the risks of outdoor activities.

The registration form

1. **Full Name:** a parent's name.
2. **Email:** where we contact you. It is also the address you sign in to the website with to see your registrations, and the one a membership goes under, so use the same one every time.
3. **Phone (optional):** only so we can reach you on the day if plans change.
4. **Number of Adults:** how many adults are coming.
5. **Children:** press **Add Child** once for each child, and give their age.
6. **Anything we should know? (optional):** allergies, mobility, a stroller, or extra support a child needs.
7. Check **I agree to the liability waiver...**, then press **Register**.

If something is missing, the page says what, in red, under the field it is about.

One registration covers your whole family, however many of you are coming.

Are you registered?

When you see **You're registered!**, you are. The page repeats what you registered for - the event, its day and time, the place and who is coming - and we email you the same details, with links to add it to your calendar. Two days before the event we email you a reminder (the day before, if you registered later).

Paid events

A paid event's page has no form. It shows the price and a **Get tickets** button instead:

A paid event's page

Get tickets opens the ticket page on Zeffy, the payment platform for nonprofits that we use. You can pay by card, Apple Pay or Google Pay, and your tickets arrive by email. Once you have bought tickets there is nothing more to do on our website.

For a Sports Carnival you can use member tickets instead; see [Using member tickets for a Sports Carnival](#).

Common questions

I registered by mistake, or can't come after all?

If you're signed in, press **Cancel my registration** under the event on **My registrations** (see [Signing in](#) and ["My registrations"](#)). Or reply to the confirmation email, or email SeattleLittleRangers@gmail.com, and we will cancel it for you. Either way, your spot goes to another family.

Will I get a confirmation email?

Yes, within a minute, to the email you registered with: the event, its day, time and place, who is coming, and links to add it to your calendar. If it doesn't arrive, check your spam folder; **My registrations** also

lists everything you are registered for. For tickets bought on Zeffy, Zeffy emails them to you. A reminder follows two days before the event.

Should each parent register separately?

No. Put all the adults and children who are coming in one registration.
